

Scenes such as this are common in the agate bed area. A photographer's paradise.

Rough and finished products can be purchased at our shop.

Johnnie, Norma, Terry and John Richardson welcome you.

Richardson Recreational Ranch is a family owned and operated enterprise, providing year-round family recreation. A working cattle ranch, supplemented by recreational activities. Highlighting the ranch are world-famous agate beds, featuring thundereggs and ledge agate material. Rock from all over the world can be found in our rock shop. Our goal is to provide "Fun for Everyone" - rock-hounding, photography, and camping. Always open to provide fun for all! See You Back at the Ranch!

NEW HOME OF FRIDAY AGATE BEDS
KENNEDY AGATES

Gateway Rt. Box 440
Madras, OR 97741
(503) 475-2680

11 MILES NORTH OF MADRAS ON U.S. 97
Then Right 3 Miles to the Ranch Office.

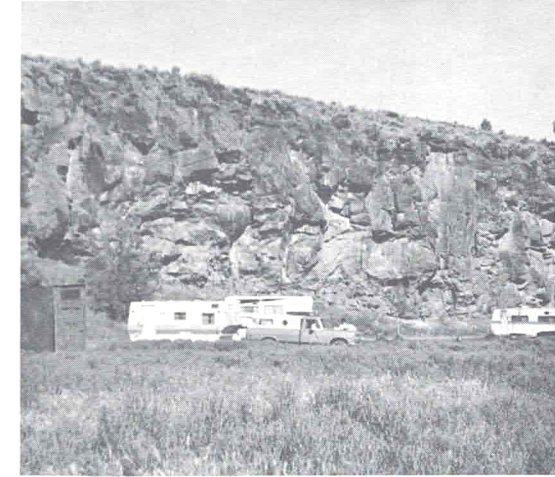

CENTRAL OREGON'S LARGEST AGATE SELECTION!

Thunderegg beds are worked regularly to always provide the finest digging.

A little of the pioneer-explorer is in all of us. Ample room is found within the nearly 4,000 acre agate area.

View into our free rockhound campground area. No hook-ups, free showers at shop.

Ledge agate material is a favorite for many and is a ranch specialty. Chisels, wedges, hard rock mining tools necessary. Good quality tools for sale at shop.

We now own and operate the famous Friday thunderegg beds and our modern rock shop has lots of other good Oregon materials.

We have more variety of material than any other place in Central Oregon. Our selection includes: thundereggs, moss agate, jaspers, jasp-agate, Oregon sunset, and rainbow agate to name a few.

All of our diggings are easily accessible by roads. For those who prefer, we have materials available at the office. We remain open all day, everyday. Digging available, weather permitting.

Rockhounding is fun for everyone!
